

BPS-150 Blue , OA Leader
BPS-250 Blue Digital Duplicator

Specification	BPS-150	BPS-250
Operation mode	Thermal master making, memory print	Thermal master making, memory print
Scan mode	Document feed	
Original type	Sheet, Two in one	
Image processing mode	Text/Text&picture/Picture/Newspaper/Pencil	
Original size(min/max)	Min: 90*140mm Max: 297*420mm	
Printing area(max)	252*355mm	
Paper size(min/max)	Min: 90*140mm Max: 297*420mm	
Master making speed	19s (A4 vertical)	
Resolution	300*400dpi	
Print reproduction Ratio	Reductions:71%,81%,87%,94%; Enlargements:100%,115%,122%,141%; Free zoom:50-200%(1% increment)	
Paper weight(min/max)	40-210g/m ²	
Paper feeding capacity	1200 sheets(60g/m ²)	
Paper receiving capacity	1200 sheets(60g/m ²)	
Print speed	Five Steps Variable (55/70/85/105/140 ppm)	
Image positioning	Horizontal: ± 10mm, Vertical ± 10mm	
Scan density	5 variable (lighter, light, middle, dark, darker)	
Master making density	5 variable (lighter, light, middle, dark, darker)	
Master eject	Automatic	
Ink supply	Automatically , 600ml/bottle	
Stencil supply	Automatically , 90m/roll	
Power source	220V,50/60Hz	
Rated input power	120W	
Paper feeding system	Double roller feeder	
Features	PC-connected printing, Ink-saving mode, Pencil mode, Newspaper mode. Programmed Printing Confidentiality mode, Code mode, Consumable used-out reminder, Energy-saving function.	
Optional function	U-disk master making, Auto power off	Auto shut off, U-disk master making, Auto printing pressure adjustment
Optional parts	Color drum, Sorter , Bottom stand	

Notice

We keeps continuous improvement on product performance and reserves the right to amend the specifications and appearance without prior notice.

Tips: -It may break down the machine if using the fake or low-quality consumable but manufacturer is not responsible to supply after-sale service. Please use factory's original supplies.
 -Please operating under the guidance of user manual.

Blue Digital Duplicator

BPS-150 BPS-250

Easy operation, stable& durable.

BPS-150/250 are the best combinations for multi-function, high-efficiency, and fashion design.

Big LCD display, easy to operate. B4/A3 original scan, A3 document feed, B4 paper print. It is easy to satisfy various printing requirements and realize the best performance on pc-connected printing and topping printing.

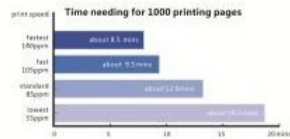

Master eject capacity is easy for 20 sheets.

Innovative design of paper feeding by double rollers which is much more stable. Simultaneously feed paper to guarantee one page input only once.

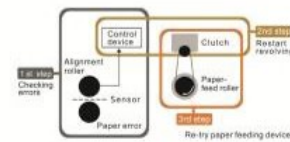

With 140PPM fast printing speed, BPS-150/250 realize easy processing even for high-volume printing work. In addition, with multi-shift adjustment switches, BPS-150/250 adapt to different thickness of paper feeding.

Normally 1000 sheets paper-receiving capacity, even can reach 1200 (60g/m²) sheets. Paper feeding tray can heap 1200 sheets (60g/m²) at once during high-speed printing.

Precise paper feeding pressure adjustment realizes excellent printing of various paper types, from 40g-210g/m². Three shifts pressure adjustment from thin paper to thick paper enhances reliability.

PC-connected printing with high-quality output

BPS-150/250 are self-equipped with USB port. They are a standard printer, simplifying complex office tasks by high speed PC printing so that output high quality image with less time, even for micro picture and text.

Traditionally 4 steps process by operator for long time

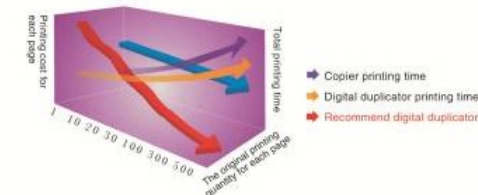

Newly operation by 2 steps process, connecting PC by remote control.

Technical innovation, achieve better image quality

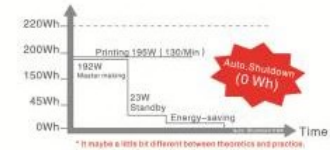

• Super low cost

BPS-150/BPS-250 are cost-effective. They are more aggressive in features and low-cost. The more you print, the lower cost you bear for consumable master and ink.

• Environment friendly

Energy-saving and auto shut-off (optional). Energy-saving and auto shut-off (optional). With this two functions, operator can easily handle between them to save energy. Machine will power off by auto shut-off when madvire standby for a certaintiwe to avoid wasting power.

• Color printing

They can realize color printings by changing color drum, emphasizing on the special files and bringing a lot of benefit to save cost of color printing by 50% vs other supplier as well.

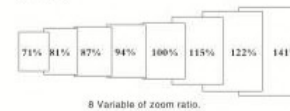

• Auto printing density adjustment

They are so humanized that they adjust the printing density automatically, controlled by PCB process, to keep stable output not affected by environment or print speed.

Humanized design, easy to control

• Enlargement/ Reduction functions

Reduction ratio by 71%, 81%, 87%, 94%, 100%, 115%, 122%, 141%. In addition, They realize the free zoom by 50~200%, to satisfy more flexible adjustment between the original and output printing.

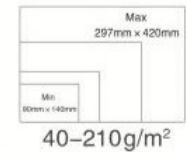

• Fine resolution

300*400dpi makes the printing more visual and sharp.

• Wide paper range

The high capacity of paper tray and wide range of paper weight among 40-128g/m² meet all kinds of requirements for education system.

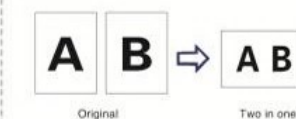

• Auto shade elimination

BPS-150/BPS-250 eliminate the shade automatically during printing to keep the paper clear and clean.

• Two in one function

This function easily and efficiently makes two originals to be printed in one page.

• Superior drying device

Quick dry to avoid back-penetration. The paper keeps clean to be available for double-side printing.
